Do you want your child to:

- ☞ Achieve both **material and spiritual success** in this temporary world and in the everlasting life of the hereafter
- ☞ Develop himself/herself mentally, academically, morally and spiritually
"Educating the mind Without Educating the heart is no education at all" (Aristotle)
- ☞ To achieve success and satisfaction in their professional life and not to fall in the pitfalls of materialism & self-interest and to use his/her knowledge to benefit others
- ☞ To have respect for parents, people and elders and to inculcate Islamic qualities like love, honesty, humility, forgiving, helping humanity and encouraging others towards good, high emotional control (EQ), self-courage and motivation with unwavering reliance on Allah (God).
- ☞ To become a master and not a slave of his/her desires and passions and to protect himself/herself from the vices of the society such as smoking, drugs and alcoholism, violence, adultery and other satanic tendencies. **This will only be possible if he/she acquires "Taqlwa" (the Knowledge, love and consciousness of Allah (God the Almighty))**
- ☞ Do you want your child to become a Hafiz of the whole or part of the Quran while completing his/her 9 yr schooling program or his SC and HSC.

Insha-Allah, IISS will endeavour to inculcate these values in your child through its balanced academic, moral, spiritual and physical education

The development of your child at all levels: academic, spiritual and physical

Hifz-ul-Quran Department

Make your child a Haafiz-e-Quran while completing his 9 year schooling program

The Holy Quran is the revealed book of Allah, the creator of the universe. It is the only book that can be and has been memorised by millions of muslims all over the world since its revelation. The existence of this miracle is due to the fact that Allah has revealed in the Quran in surah Al Qamar: "And We have certainly made the Qur'an easy for remembrance, so is there any who will remember?"

NEW HIFZ UL QURAN PROGRAMME: With the advent of the 9 year schooling system, IISS is proposing to start a new Hifz Ul Quran programme. The salient features of this programme are as follows:

- Those parents who opt for this Hifz programme can enrol their child as from Grade I or 7. (Std I or form I)
- The child will be able to do both academic and the Hifz programme simultaneously
- Insha-Allah, your child can become a Hafiz of the Quran before the end of the nine year schooling

Hifz classes in Secondary and Primary departments with modern audiovisual facilities

Hifz ul Quran: Alhamdulillah, about **50 boys and 30 girls** are doing Hifz ul Quran together with their academic studies and during the last 14 years, from 2003 to 2017, **28 students have completed the memorisation of the Holy Quran while doing their academic studies**

A FEW VIRTUES AND BENEFITS OF HIFZ-UL-QURAN

- ☞ **HIGHEST RANKS IN JANNAH FOR THE MEMORISER OF THE QUR'AN:**
The Prophet (SAW) said: "It will be said to the companion of the Qur'aan after he has entered Paradise, 'Recite, and rise!' For every verse he recites he will rise one level (in Paradise), until he recites the last verse with him (i.e., in his memory)." (Abou Dawood)
- ☞ **THE HIGHEST HONOUR FOR THE PARENTS OF THE MEMORISER OF THE QUR'AN**
The Prophet (SAW) said: 'Whosoever recites the Quran and practises upon its injunctions, the reciter's parents will be given a crown on the day of Qiyaamat. The brightness of that crown will be more intense than the brightness of the sun in your actual house.' (Mishkaat)
- ☞ **THE BEST PERSON IS HE WHO LEARNS THE QUR'AN & TEACHES IT** (SAHIH AL-BUKHARI)
- ☞ **DOUBLE REWARD FOR THOSE WHO MAKE EFFORT BUT HAVE DIFFICULTY IN MEMORISING THE QURAN** (AL-BUKHARI)
- ☞ **A HAFIZ WILL BE ALLOWED TO INTERCEDE FOR 10 OF HIS FAMILY MEMBERS :**
The Messenger of Allah (SAW) said: "Whoever reads the Quran, memorizes it, regards it's permissible as permissible and it's impermissible as impermissible Allah Ta'ala will enter him into Jannah and allow him to intercede for ten family members, who were destined for Jahannam". (ref: Sunan Tirmidhi, Sunan Ibn Majah, Musnad Ahmad)
- ☞ **INCREASE IN MEMORY AND MENTAL CAPACITY THROUGH HIFZ**
Through the blessings of memorising the book of Allah, the haafiz will develop, at an early age, his/her memory and mental capacity. In fact, most of the top students at IISS were haafiz of Quran who completed their Hifz and HSC with very good results at IISS.
